2 EVENTS, 1 VENUE, 1 DAY

Netlaw Media is proud to present the event of the year for the European legal sector. Everything you need to know about running and protecting a successful law firm, all **under one roof** on **one day**.

Following the recent amalgamation of 'The London Law Expo 2017' with 'The European Legal Security Forum 2017', this major international law event will offer visitors two large (individually branded) law events which will be staged at the same venue on the same day.

Following the 'sold out' success of both events during 2016, the recently amalgamated 2017 event is expected to welcome over 2,000 senior representatives from the UK, European and International legal sectors.

As Europe's Largest Law Expo, the 2017 event will be staged over 2 floors where visitors will be offered open access to both events whilst being educated by over 70 expert presenters on 6 presentation stages. In addition, the 2017 event will also deliver 2,500 square metres of exhibition space where over 80 leading suppliers will be showcasing a wide array of services and solutions for the legal sector.

With 'The London Law Expo' taking place on the ground floor and 'The European Legal Security Forum' being staged on the 2nd floor. The 2017 event will welcome the UK's largest audience of senior board level / head of department representatives, as well as many senior legal IT and IT security representatives from a wide range of law firms, chambers and legal businesses.
